Dear Mr. Wood,

The enclosed I made about five years ago when I first got the bug about Chinese palming coins (excuse me tokens). I never got any farther than the design. I thought it might amuse you.

Sincerely
John Mulholland.

Dear Mr. Wood,

Just got this in this morning. Thought
you might like to have it. Will you please
acknowledge it to Edw' Beckman whose address
is on the label.

As you notice the obverse is the first
design.

Best wishes

Sincerely yours

Dear Mr. Mulholland:

When I got back to-day, I found the card from Hackman that you left here and will write Eli Hackman our thanks. I also noted your ancient sketch of a Chinese coin. I think I will refer this to the most learned scholars of ancient Chinese at the Oriental Society, as I can make out but one of the four characters. These characters look to me like the Chinese that issues from irate China men on comic strips.

Very truly yours,

Curator
